For instructions on the completion of this form, refer to the section
“How to submit an international application to the International Bureau” of the [Hague Guide for Users](#).

IMPORTANT

1. We strongly recommend that you file your international application through [eHague](#).
2. If you are not using eHague, please submit the present form directly to the International Bureau via [Contact Hague](#).
3. The international application may contain **several industrial designs (but may not exceed 100)**. However, all the industrial designs and/or products in relation to which such designs are to be used must belong to the **same class** of the International (Locarno) Classification. The list of classes and subclasses of the Locarno Classification, together with Explanatory Notes, is available on the [WIPO website](#). Refer also to footnote 2 in Item 6.
4. Where an item of this form is mandatory, it is indicated in parentheses next to its title “(mandatory)”. Where an item is mandatory following a certain designation, it is indicated in a footnote at the end of the item.
5. The application must be typed.
6. **Photographs and other graphic representations** of the industrial designs should be pasted or printed directly onto a separate sheet of A4 paper, white and opaque (in compliance with instructions in the [Guide](#)).
7. **Security clearance** is required by the laws of the **Russian Federation** and the **United States of America**. It is a requirement under the law of the Russian Federation that designs created in the Russian Federation by Russian legal entities or nationals are subject to a security clearance procedure by the Federal Service for Intellectual Property (ROSPATENT) to ensure that the designs do not contain state secrets. It is a requirement under the law of the United States of America that, for designs created in the United States of America, the applicant first obtains a license from the United States Patent and Trademark Office (USPTO) before filing outside of the United States of America.

27 A numeral (1, 2 or 3) indicates the applicable level of standard designation fee and the letters "IF" indicate that individual designation fees are applicable (the amounts of all these fees are indicated in the Fee Calculation Sheet). Where no indication (numeral or letters) appears, this means that the Contracting Party is not bound by the corresponding Act.

28 For designs belonging to classes 1, 2, 3, 5, 9, 11 or 19 of the Locarno classification, level 3 of the standard designation fee applies in respect of a designation of the Republic of Korea. For designs belonging to any other class, the individual designation fee applies.
